LIST” of her upcoming job and committee assignments! She will continue service for RVGS in many needed ways.

### **E.D. FOUNDRAY, JACKSON COUNTY PIONEER**

Story submitted by Dorothy Cotton, Pioneer Files Chairperson

The Pioneer Files at the Rogue Valley Genealogy Library are devoted to the pioneers that settled the Jackson County area. Currently there are 800 pioneers and their families in the Pioneer Files; more added each week. Some of the files are large and contain over 100 pages of information while others may only have a couple of pages. The information in the files has been added by JCGL members or visitors who share their local family information or by the pioneer name being noticed and research being done by volunteers. The files might contain genealogy, stories, pictures, or other items relating to the pioneer, his/her family and/or

the family's place in local history. The online file index can be accessed on the JCGL website by selecting the link *Family Records* and then *Pioneer Families*. A Google search of the JCGL website for *Foundray* or any other pioneer family name would also yield access to the file index.

A lot of local history can be found by just reading the files on our pioneers. One example is the file on Elbert Downes Foundray. E.D. (as he was known) was born in Foundraysburg, Kentucky in 1821. After finishing his schooling, he left his home and set out to explore the country. He stopped first in Virginia then went on to South Carolina and Louisiana. In New Orleans E.D. signed on as a seaman on the merchant schooner the *St. Mary* and in 1849 headed for California and the gold fields. After a few narrow escapes with shipwrecks around Cape Horn, E.D. arrived in San Francisco. Mining didn't go as well as planned so he began a pack mule business supplying miners with much-needed supplies. Still following the gold, he heard good reports coming from Jacksonville, Oregon. E.D. continued with his pack train business in the Southern Oregon area a few years. Then around 1853, he gave up the pack train business and became a bookkeeper in Jacksonville. Around that time he also became owner of the grist mill in Phoenix. Over the years, E.D. was elected deputy sheriff of Jacksonville, Justice of the Peace and was nominated as Democratic Representative. In 1862 E.D. married Sarah Colver. She was the daughter of a Phoenix-area pioneer, Hiram Colver. Many improvements in county affairs were traceable to the support and assistance of Mr. Foundray, and it was principally through his influence in the legislature in 1866 that a bill was introduced advocating the building of a railroad through Phoenix. E.D. died in 1903. This pioneer file is invaluable to E.D.'s family in Kentucky doing research on the

family. By searching online, any family related to someone in the 800 pioneer family files could find information about where their family member migrated to and a great deal about that person's history.

## GERMAN INTEREST GROUP

By Mary Timpe Robsman, German Interest Group Facilitator

The German Interest Group held its first meeting at JCGL in September 2015. We told about our ancestors in Germanic areas from the Netherlands to Ukraine, from France to northern Italy, and Germans in Russia and South America. Several came with specific research questions. Many felt a need to know more history and geography that affected immigration and our ability to locate records. Future meetings were scheduled for the second Tuesday of each month. At each meeting we share successes and problems. So far, we located resources in JCGL, viewed a brief history online at Family Search's Learning Center/German genealogy, and made an enlarged map of the German Empire in 1870 for reference. We learned of German documents such as Reisen Paß (travel pass), intent-to-immigrate forms, and the Ahnentafel (pedigree chart) required in the Nazi era. A group member wisely pointed out that here in the U.S., land records and wills provide details to help locate towns and ancestors overseas.

Each month I send an email reminder of meeting time. This includes an updated list of surnames being researched. A list of resources and helpful hints sent to me by group members has been compiled. Subgroups such as Hesse and Emlanders have been formed and they correspond separately. Genealogy goes better (though not necessarily easier) when working with persons who share interests.

#### **VICKI BRYDEN UPDATES SOHS INFORMATION FOR THE RVGS BOARD OF DIRECTORS**

The guest speaker at the Feb 2016 RVGS Board meeting was Vicki Bryden, member of Southern Oregon Historical Society and manager of the Research Library. She provided the Board with an overview and update of

SOHS.

The SOHS library is open Tuesday through Friday from 12 – 4pm. Research of local historical information and photos is made available for members and non-members. Many seasonal activities are provided for the public at the Hanley Farm near Jacksonville. Other SOHS sponsored events are “Windows in Time”, presentations on Southern Oregon history held at the Medford and Ashland libraries each month and “Tales from the Collection” held the 4<sup>th</sup> Saturday of the month at the SOHS Research Library. Currently they are presenting an exhibit at the Rogue Valley Mall entitled “Courage in the Golden Valley: Southern Oregon Chinese History”. The exhibit runs through April 17 during Mall hours.

RVGS encourages support for all organizations with an emphasis genealogy and history of Southern Oregon. You can obtain event schedules of Southern Oregon Historical Society activities at the Jackson County Genealogy Library.

### **MAPS OF JACKSON COUNTY PUBLIC PROGRAM**

Roger Roberts, a land surveyor and former Jackson County Surveyor, presented an overview of the Maps of Jackson County Project at Jackson County Genealogy Library on Feb. 16<sup>th</sup> 2016. After obtaining thousands of old maps, Roger, Chuck Eccleston, Barbara MacMillen, and others contributed thousands of hours to index and scan these maps. A sampling of these scanned maps was presented on that day. Even those with no local history found the presentation interesting while others recognized names on land plots from their own ancestral history of the valley. Barbara MacMillen gave an explanation of the

grant received to obtain the equipment and services needed for this huge project. The long term goal is to put all scanned maps in a file and link the index to an image to be accessed on the website by researchers.

The many volunteers who participated in the project included: Roger Roberts, Barbara and Dick MacMillen, Chloe Sternola, Marilyn Ayres, Betty Miller, Betty Lanfear, Jan and Gerald Reichstein, Bud Gleim, Ben Truwe, Jan Wright, James Williams, Nick Jacobson, Chuck Eccleston and Rene Forncrook with over 10,000 indexed names herself!

### **RVGS PROJECTS NEED VOLUNTEERS**

#### **DO YOU LIKE TO WORK WITH SCRAPBOOKS?**

RVGS could use some repair help with our old scrapbooks. They contain clippings and photos of many years of activities for the society, but the securing tape doesn't hold items anymore. New albums may be needed. We would like someone or several people to evaluate how to update this collection. If interested, please contact Chloe Sternola, our Library Manager at 541-512-2340 and leave a message for her to call you.

#### **CAPTURING HISTORY**

RVGS needs a volunteer to be our Historian. This would mean gathering pictures (taken and placed in the HISTORIAN BOX at the library) and transferring those pictures along with news clippings of our activities to an album. We save our photos on our computer, but the pictures are difficult for guests to view. With "Our 50th Year Heritage" celebration coming this September, this is a very important volunteer position. Please

call the library (541-512-2340) and ask for Andrea Patterson, President or leave a message for her to call you.

**HELP US REACH OUR MONTHLY MORTGAGE PAYMENT GOALS!**

Our goal to *Burn the Mortgage* for our 50th Anniversary Celebration in September is quickly approaching. We are down to about \$28,000 left to go! With just 6 months to go, we will need to make average payments of about \$5,000 each month, which means about \$4,200 in donations each month. We CAN DO IT with YOUR help!

Contributing is easy, simply go to [www.rvgsociety.org](http://www.rvgsociety.org) and click on the Donate button to make a donation online. A new DONATE button on our [Facebook page](#) will take you to the same place. You can also mail or drop off a donation at the library at 3405 South Pacific Hwy, Medford, 97501. When donating, please indicate that the purpose of the donation is the Leave a Legacy Fund.

All donations are tax deductible as RVGS is a 501(c)3 non-profit organization. If you take Required Minimum Distributions, you can donate all or any part of the distribution directly; send your request to the administrator of your fund. In addition, if you donate a matching amount to the Oregon Cultural Trust, you can receive a tax credit for the ENTIRE amount of your donation (maximum \$1,000 for couple; \$500 single). Just go to [www.culturaltrust.org/donate](http://www.culturaltrust.org/donate) for more details.

### EMAIL RESEARCH SUCCESS

Joy Durrett who handles email research requests received this nice thank you after emailing two obits to a customer.

“Hi Joy,

Thanks again for your help. Both the Clyde Hicks and Betty Ward obits enabled me to find Theo. She invited me up to go through a trunk of photos and memorabilia, which I’m very excited about. Without your help none of this would be happening.

Warm regards,

Mike Russell”
